

Full Terms and Conditions are detailed in the [DogWatch DIY Hidden Fence System Owner's Guide](#), and are available at [DogWatch.com](#). In addition, we recommend the following guidelines:

- ▶ You must train your dog in accordance with DogWatch's training guidelines for this product to be effective.
- ▶ The product is not intended for use with dogs with a history of aggressive behavior. By using this product, customer acknowledges that their dog(s) do not have a known history of aggressive behavior.
- ▶ The product will not keep all dogs within the fenced premises in all instances. If customer's dog(s) could cause harm to itself or others inside or outside the fenced premises, customer should take additional measures to restrain their dog(s).
- ▶ Customer agrees to remove the collar from the dog on a daily basis to help prevent pressure necrosis (skin irritation or injury). The collar should not be worn continuously. Customer is responsible for regularly checking the dog's neck for any signs of redness, irritation, or discomfort and must discontinue use immediately if any issues are observed.
